

## Installation Guide for ETS Software

---

*After you have purchased the product and paid via Paypal, you will be emailed a download link with a code to download the product.*

1. Download the file to your desktop
2. Right click on the file and choose Extract to a separate folder
3. Choose where to extract the files (the desktop is the easiest)
4. Click Extract/OK
5. Once the unzipping process is complete, open the folder with the extracted files and click on setup.exe
6. Follow the prompts to install the product
7. The default installation location is the My Documents/Product Name with a shortcut to the product on your desktop. If you navigate to My Documents/Product Name you can find the supporting documents that go along with the software such as the user guide.
